Every page in this issue circles back to the same quiet truth: impact is built one deliberate act at a time, by people who show up before anyone is watching and stay long after the applause ends. September asked TeamFort to do that in more ways than usual, that is, to welcome new leadership, to open a door and let the District see the community it quietly serves, to hand over a few extra hours of a Saturday to a shoreline that isn't technically anyone's responsibility, to turn up at a gallery wall simply to look closer at what a child who's been through more than most had to say with a brush. None of it was done for recognition. The recognition found TeamFort anyway, and it's worth saying plainly: the work was always the point.

That's the spirit worth carrying into Basic Education and Literacy Month. A literate community and a lasting one aren't really two different goals but both are built the same patient way, by people willing to keep showing up long after the first effort stops feeling new. Here's to another month of exactly that.

Within Our Walls:
Club President’s Message

A NEW CHAPTER, A SHARED PURPOSE

I am writing this as a new President, in a month Rotary has set aside to talk about literacy and I'll admit the timing hasn't been lost on me.

Taking the gavel is its own kind of first lesson. You spend your early days as President reading the club the way you'd read anything unfamiliar and important: slowly, carefully, aware that what you're holding was built by people before you and will be read by people after you. Our 18th Induction and Handover Ceremony gave me that first page, and having District Governor Arlene Adlawan with us that same day reminded all of us why the rest of the book matters, and that TeamFort's story is only worth telling if it keeps being written well.

Basic Education and Literacy Month asks a simple question: what does it take to give someone the foundation to build the rest of their life on? I think it's the same question a club has to keep asking itself. A strong club, like a strong reader, isn't made in a single dramatic moment. It's made in the ordinary ones – a seminar attended, a cleanup shown up for, a fellow member's story actually listened to. Those are our foundations. They're what let everything we build afterward stand.

So as we settle into this Rotary Year together, my ask of TeamFort is the same thing Rotary is asking of all of us this month: keep investing in the foundations. Show up for the quiet work, not just the visible kind. I'm honored to be doing that alongside every one of you.

With gratitude and resolve,

Haide Castre Cañete

Club President | RY 2026-2027

The Blueprint

Basic Education and Literacy Month

This September, the Rotary Club of Cebu Fort San Pedro joins Rotary International in shining a light on the power of education and literacy.

Education opens doors, builds confidence, and creates opportunities for a brighter future. As Rotarians, we believe that every child deserves the chance to learn, grow, and dream, regardless of their circumstances.

Let us continue to support learners, educators, and communities by making education more accessible and meaningful.

Because when we empower minds, we empower communities. Together, let us Create Lasting Impact through education.

Basic Education and Literacy: Rotary's Longest Investment

Rotary International designated September as Basic Education and Literacy Month to draw attention to one of the world's most persistent challenges. Millions of adults still struggle to read and write, limiting their opportunities for employment, independence, and a better quality of life. Unlike other global challenges, illiteracy often goes unnoticed. Its effects are felt quietly, in a parent unable to read a prescription, a worker struggling to complete a form, or a child falling behind in school.

As one of Rotary's seven Areas of Focus, basic education and literacy inspires clubs worldwide to invest in learning opportunities. From establishing schools for girls in Afghanistan to supporting adult literacy programs in Detroit and expanding educational access in Kenya, Rotarians continue to demonstrate how local initiatives can create lasting change.

Closer to home, TeamFort embraced this same commitment through its participation in Brigada Eskwela in July, joining teachers, parents, and community volunteers in preparing a public school for the new academic year. Cleaning classrooms, improving school facilities, and creating a welcoming learning environment may seem like simple tasks, but they help provide the foundation children need to learn and thrive.

Brigada Eskwela may not be a traditional literacy program, yet its purpose is closely connected to education. A safe, clean, and functional classroom gives children a better opportunity to focus, participate, and discover their potential. Sometimes, meaningful service begins long before the first lesson is taught.

The true impact of education is rarely immediate. A book placed in a child's hands today may inspire a lifetime of learning. A child who learns to read becomes an adult empowered to make better choices and create opportunities for others.

For TeamFort, September is a reminder that investing in education is investing in the future. And often, the most meaningful contributions are those whose impact continues long after the project is completed. Because when we help a child learn, we help a future unfold.

Good Vibes, Great Minds: Inspiring Learning Through Positivity

Education is not only about acquiring knowledge. It is also about building confidence, nurturing character, and developing a positive outlook on life.

Through the “Good Vibes Only” session, the Rotary Club of Cebu Fort San Pedro highlights the importance of encouragement, emotional well-being, and meaningful connections in creating an environment where learning can flourish.

In celebration of Basic Education and Literacy Month, this initiative reminds us that empowering young minds goes beyond teaching them to read and write. It also means inspiring them to believe in themselves, embrace challenges, and recognize their potential.

BECAUSE WHEN WE NURTURE POSITIVE MINDS, WE INSPIRE LIFELONG LEARNERS AND BUILD BRIGHTER FUTURES.

La Fuerza Impact Tracker

Rotary's seven Areas of Focus are the causes The Rotary Foundation funds worldwide, and our goal this year is simple: touch all seven before RY 2026-27 closes. Watch this space grow, issue by issue.

AREA OF FOCUS	STATUS	PROJECT
PEACEBUILDING AND CONFLICT PREVENTION	●	
DISEASE PREVENTION AND TREATMENT	●	
WATER, SANITATION, AND HYGIENE	○	
MATERNAL AND CHILD HEALTH	●	
BASIC EDUCATION AND LITERACY	○	
COMMUNITY ECONOMIC DEVELOPMENT	●

LEGEND: ● COMPLETED ● IN PROGRESS ○ TO START

Impact in Motion

Impact is not measured by grand gestures, but by the kindness we turn into action. Every moment of compassion, every smile shared, and every helping hand brings hope, restores dignity, and touches lives. True service begins when we choose to care and take action where it matters most. Let us go beyond good intentions, step forward with purpose, extend our hands to those in need, and turn compassion into meaningful service. Together, we can transform small acts of kindness into lasting impact.

The Rotary Club of Cebu Fort San Pedro, together with the District Governor Arlene Adlawan and District Secretary Mylene Baura, shares a meaningful moment of compassion with the children of Everlasting Hope.

A Visit of Hope: District Governor Joins TeamFort at Everlasting Hope

On September 11, the Rotary Club of Cebu Fort San Pedro welcomed District 3860 Governor Arlene Juele Adlawan and District Executive Secretary Mylene Baura to one of the club's community projects: the Everlasting Hope Childhood Cancer Mission.

It was, by design, more than a courtesy stop on an official itinerary. The visit put District leadership, DG Arlene and DES Mylene, representing District 3860, face to face with the children and families Everlasting Hope serves; the stories, the needs, and the hope that don't always come through in a report or a Facebook post. For TeamFort, having the District see that work up close was a reminder of what the partnership is actually for, turning compassion into action, and service into something that outlasts the visit itself.

The club extended its thanks to DG Arlene and DES Mylene for giving their time to TeamFort and to the Everlasting Hope community that day. A small gesture, but one that mattered to the families on the receiving end of it.

Together, we serve.
Together, we care.
Together, we create lasting impact.

A Day to Align: The District Governor's Official Visit

The Everlasting Hope stop was only part of a fuller day. September 11 also marked the District Governor's formal visit to the Rotary Club of Cebu Fort San Pedro, an occasion the club treated as more than protocol.

The visit gave TeamFort a chance to align with District 3860's goals for the year, strengthen fellowship among members, and walk DG Arlene through the club's own journey: what it has accomplished, what it is building toward, and how its projects and partnerships serve Create Lasting Impact at the ground level. Members presented upcoming plans and projects to District leadership, a chance to showcase not just what TeamFort has done, but where it intends to go.

For newly installed President Haide Castre Cañete, the day carried extra weight, as the Governor's visit sat on the same day she took the helm. She expressed confidence that, with every member of TeamFort pulling together, this Rotary Year would be one to remember. DG Arlene's presence, members noted, was itself a kind of challenge: to dream bigger, serve better, and stay united as one team.

A New Chapter for TeamFort: The 18th Induction and Handover Ceremony

Fittingly, the same day carried the club's own changing of the guard. The Rotary Club of Cebu Fort San Pedro held its 18th Induction and Handover Ceremony on September 11. An evening of fellowship, leadership, and renewed commitment to Service Above Self.

At the center of it was Haide Cañete, formally inducted as the club's new President. The club's congratulations came with a charge: that her leadership inspire members, strengthen fellowship, and guide TeamFort toward meaningful, lasting impact in the communities it serves. To lead with passion, purpose, and heart through the year ahead.

The ceremony also paid tribute to Immediate Past President Jojo Gonzales, thanked for steering the club through a strong “United for Good” Rotary Year 2025–2026 and to every TeamFort member whose work made that year, and this handover, possible.

As one chapter closed and another opened, the message from the floor was simple: TeamFort stands with President Haide. Together, let us create lasting impact.

D'grazings

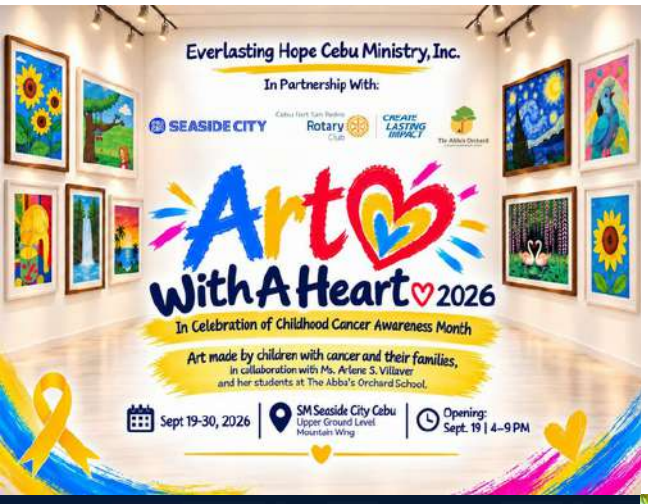

If September 11 was about leadership, September 19 was about showing up on three fronts, all at once. TeamFort members split their day across a learning seminar, a coastal cleanup, and the opening of an art exhibit for children battling cancer: different rooms, different causes, one shared purpose. What follows is each of those three in its own right, beginning with the morning that brought members back to the table together.

Three Events, One Team, One Purpose

Learning, Connecting, Moving Forward: The Vibrant Club Seminar and Quarterly ACOM

TeamFort's September 19 began with the Vibrant Club Seminar, a session built to give members room to learn, connect, exchange ideas, and recommit to Service Above Self, the kind of day that doesn't produce a single headline but strengthens everything a club does afterward.

The learning carried straight into the Quarterly Area Coordination Meeting that followed, where members traded updates on upcoming activities, projects, and initiatives, and worked to keep plans aligned across the area.

Beyond the agenda items, members pointed to something less tangible but just as important: fellowship. The relationships built in rooms like this one are what make the service afterward hold together. Learn together, plan together, serve together, celebrate together, with every seminar and every meeting, TeamFort keeps building toward the same thing: lasting impact.

TeamFort Takes Action for Our Coastlines

While some members were in the seminar, others were on the shore. On September 19, the Rotary Club of Cebu Fort San Pedro and the Rotaract Club of Cebu Fort San Pedro partnered with the Philippine Coast Guard Auxiliary 209th Squadron for a coastal cleanup at North Poblacion, San Fernando, Cebu.

By the end of the effort, volunteers and partners had hauled in 25 sacks of waste from the shoreline, of which 6 sacks are biodegradable material and 19 are non-biodegradable. Every sack pulled off that coastline, the club noted, is one less reaching the sea, and one step toward a cleaner, healthier coastal community.

The cleanup was a reminder of something TeamFort returns to often: small actions, multiplied by enough hands, add up to real impact. The club extended its thanks to every volunteer and partner who gave their time and energy to make the day possible.

Where Art Becomes a Gift of Hope: Art with a HeartFort at Everlasting Hope

The third front of September 19 opened quietly but ran the longest: Art with a Heart, an exhibit showcasing the artwork of children living with cancer and their families, presented in partnership with the Everlasting Hope Childhood Cancer Mission.

The exhibit opened that evening from 4 to 9 p.m. at SM Seaside City Cebu's Upper Ground Level, Mountain Wing Convention, and ran through September 30. Behind each piece, organizers noted, was more than color and technique, it was a story of courage, resilience, and a child's refusal to let illness be the only thing that defines them.

Every artwork purchased went directly toward supporting the Everlasting Hope mission and the families it serves, done in partnership with SM Seaside City Cebu, The Abba's Orchard School, and Ms. Arlene Suico Villaver.

TeamFort returned to the exhibit on September 25 to walk the gallery themselves, and perhaps a chance to meet the young artists behind the work, appreciate what they'd created, and put their own support behind the cause in person. It was, members said, where creativity and compassion met: proof that turning art into a gift of hope doesn't take much more than showing up, looking closely, and being willing to buy a piece of someone else's courage.

Rotaract at Work

SMALL ACTIONS. LASTING IMPACT.

WHERE YOUNG LEADERS TURN COMPASSION INTO ACTION

Service does not always begin with grand plans. Sometimes, it begins with a simple decision to show up and make a difference.

For the Rotaract Club of Cebu Fort San Pedro, participating in a coastal cleanup is more than collecting waste. It is an opportunity to protect the environment, strengthen friendships, and demonstrate that young people have the power to create positive change.

Every piece of litter collected represents a small but meaningful contribution toward a cleaner, healthier community.

Through shared responsibility and purposeful action, these young volunteers remind us that lasting impact begins with people who care enough to act.

Engage

Beyond the Cleanup

Service Begins When We Take Responsibility

A cleaner coastline begins with willing hands and a shared sense of responsibility.

Armed with determination and a commitment to environmental protection, Rotaractors took part in clearing waste and restoring the beauty of our coastal surroundings.

Beyond the physical work, the experience offered something equally valuable: an understanding that caring for the environment is a responsibility we all share.

Each collected piece of waste became a reminder that protecting our planet requires consistency, cooperation, and personal commitment.

We do not need to change the whole world in one day. We only need to start making a difference where we are.

GROW

From Connections to Belonging

Where Friendships Flourish and Young Leaders Grow. Growth in Rotaract happens not only through service projects but also through the friendships, experiences, and meaningful connections formed along the way.

Every gathering offers young members an opportunity to learn from one another, connect with experienced Rotarians, and discover the value of belonging to a larger family of service.

Beyond the celebrations and shared moments are relationships that inspire confidence, encourage participation, and nurture future leaders.

These connections remind us that Rotaract is more than an organization. It is a community where friendships deepen, opportunities unfold, and every member finds a place to grow.

Connect with purpose.
Grow through friendship.
Belong to something greater.

Be Part of Rotaract

Your Journey of Impact Starts Here

FIND YOUR PURPOSE.
DISCOVER YOUR PEOPLE.

Every generation has the opportunity to leave the world better than it found it. Rotaract opens doors for young people who want to make meaningful connections, develop leadership skills, and become part of something greater than themselves. You do not need extraordinary abilities to make a difference. All you need is the willingness to learn, the courage to participate, and a heart ready to serve. Through community projects, friendships, and shared experiences, Rotaract provides a space where young people can discover their potential while creating positive change.

Your ideas matter. Your actions count.
Your journey begins here.

SERVE. CONNECT. LEAD. BELONG.

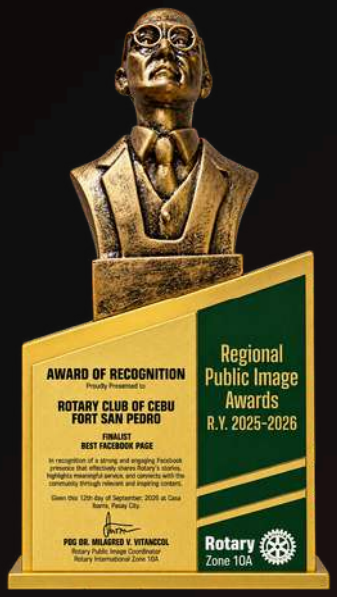

Rotaract Club of Cebu Fort San Pedro
The Next Force of Impact.

A Beautiful Surprise: TeamFort Takes 2nd Place for Best Facebook Page

Not every milestone this September came with a date on the calendar. Sometime during the month, TeamFort learned it had placed 2nd for Best Facebook Page across Rotary Zone 10A (now Zone 11A) and sat on the news for a while, waiting for the right moment to let the whole TeamFort family wake up to it.

The number behind the recognition is what makes it land: one Zone, ten Districts, more than 900 Rotary clubs, over 26,500 Rotarians, and 71 entries competing for the honor. Out of all of that, TeamFort came out 2nd – its first recognition beyond District 3860, and its first milestone on a regional stage.

The club was careful to frame it correctly: awards were never the reason TeamFort shows up, serves, or tells its story online. They're what happens, sometimes, as a byproduct of consistently doing the work, where every project completed, every hand extended, and every story worth telling, is told. This recognition, the club said, belongs to everyone who has shown up quietly for TeamFort without expecting anything in return. Gratitude, in the end, wasn't really about the award itself, it was about the quiet, consistent work finally being seen.

Face of Teamfort:

Jess Rodinas — A Life of Enterprise, Fellowship, and Faith

Developer. Contractor. Author. Importer. On paper, Jess Rodinas's career reads like a list of separate careers rather than one life, but talk to him long enough and the thread connecting all of it becomes clear: enterprise, continuous learning, and a quiet insistence on service to others. Beyond the professional pursuits, what grounds him is simpler – meaningful friendships, an active lifestyle, and a prayerful life rooted in faith. As a Rotarian, he says, it's the fellowship, camaraderie, and charitable spirit of the club that make the whole thing worthwhile; a shared mission of Service Above Self that turns an organization into something closer to a community.

What's one experience in Rotary that changed the way you see things, or left a lasting impression on you?

Fellowship, camaraderie, and charity. These are the values that make Rotary truly meaningful to me. The friendships we build, the bonds we strengthen, and the lives we touch through charitable service remind me that Rotary is more than an organization — it is a community united by a common purpose.

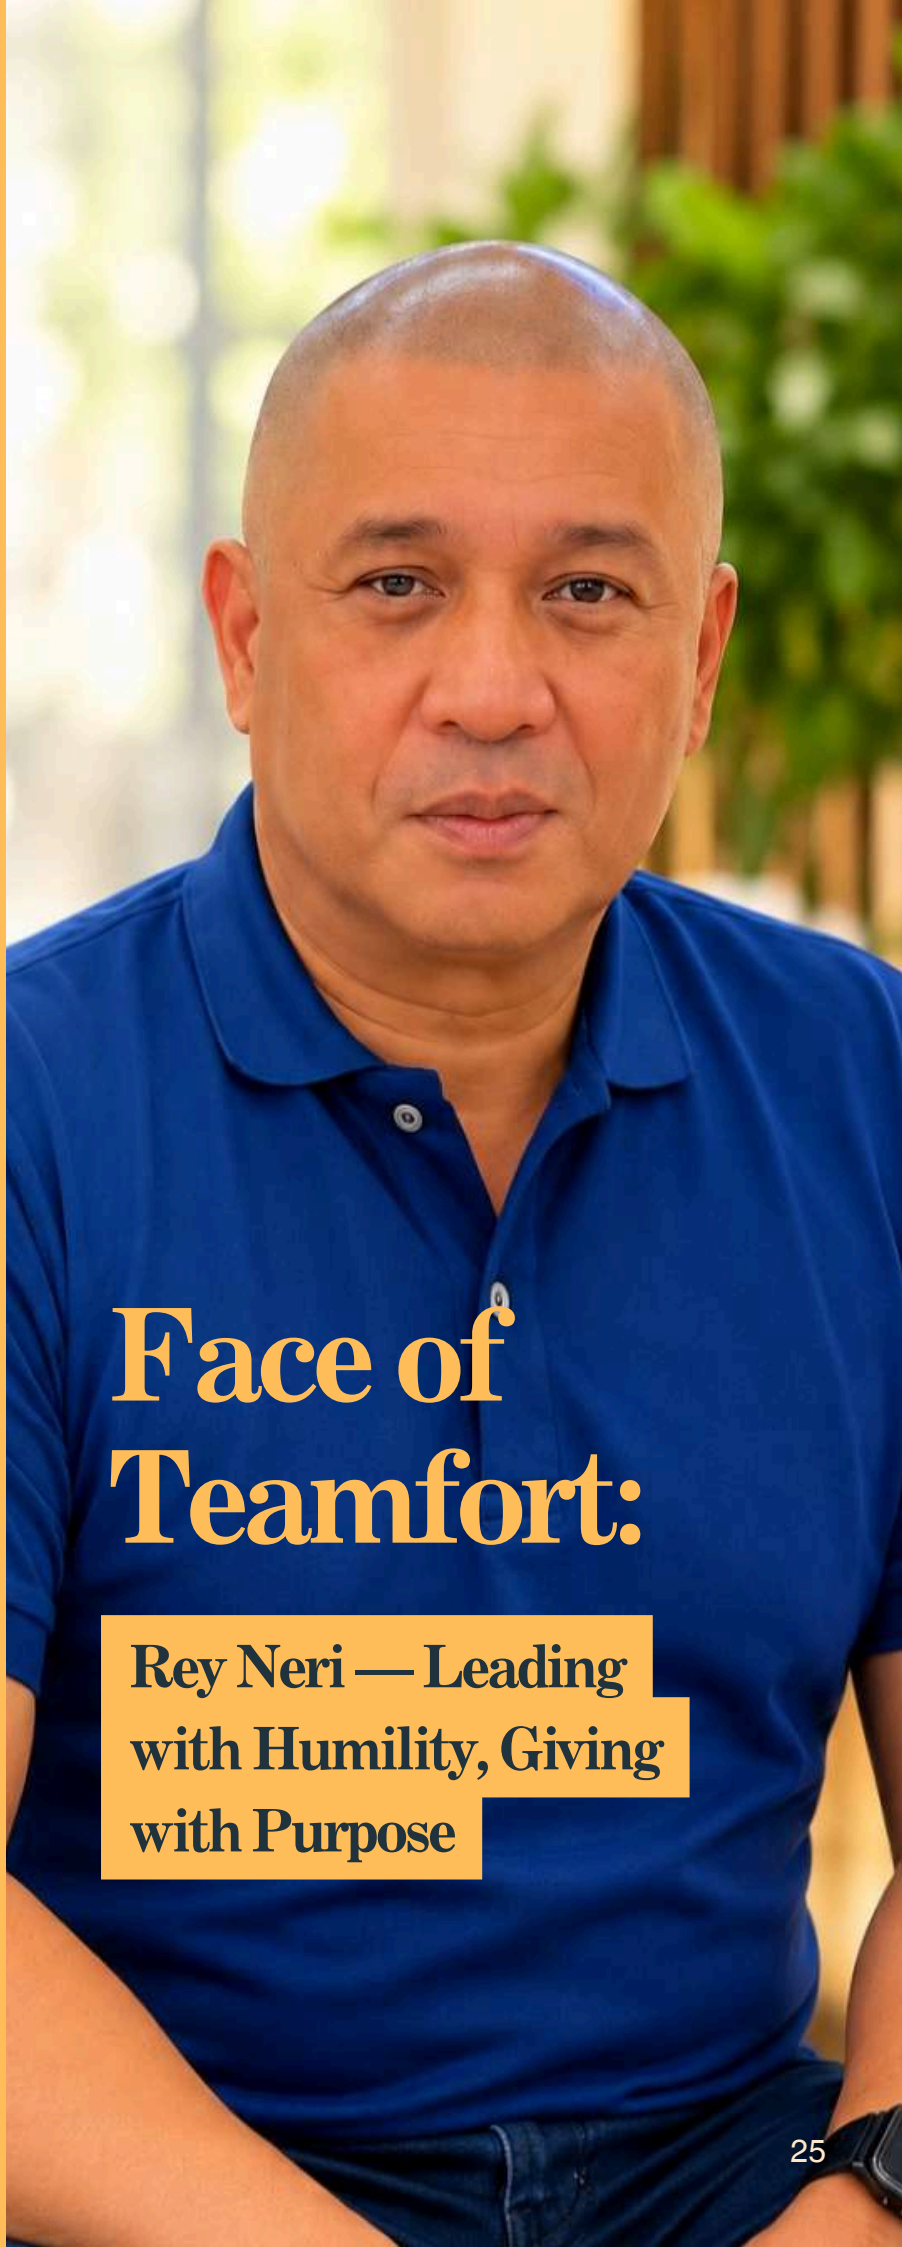

What's something about you that your fellow Rotarians might be surprised to learn?

My vitality, my cool and friendly personality, and my prayerful life. I believe that staying active, maintaining a positive attitude, building friendships, and nurturing my relationship with God are essential to living a happy and meaningful life. I strive to balance my professional endeavors with faith, wellness, and service to others.

If you could take your Rotary Club on a trip anywhere in the world, where would you go, and what would you want everyone to experience there?

Jerusalem, Israel. I would love to bring my fellow Rotarians to this sacred and historic place so that we could reflect on and experience the life, passion, sacrifices, and death of Jesus Christ. I believe such a journey would deepen our faith, inspire gratitude, and remind us of the importance of compassion, humility, sacrifice, and love for others.

For Jess, success was never going to be measured only in business terms. It's measured in the relationships nurtured, the faith kept, and the lives made a little better along the way — business, fellowship, and charitable service, braided together into one purposeful life. His guiding inspiration, as he puts it: faith in God, friendship with others, and service to humanity.

Face of Teamfort:

Rey Neri — Leading with Humility, Giving with Purpose

Rey Neri has spent his career in shipping and logistics, an industry that runs on precision and people in equal measure, and both show up in how he talks about leadership, business, and community service. Outside of work, he's just as likely to be found on a tennis court or a golf course as behind a desk. What ties it together is a belief he returns to often: that learning never really stops, relationships are worth the effort they take to build, and a career only means as much as the difference it helps you make in other people's lives.

What's one experience in your life that shaped the person you are today?

My journey in the corporate world has shaped me into the person I am today. Working with different people taught me the importance of humility, patience, discipline, and leadership. I learned that success is not just about personal achievements but also about helping others grow and succeed.

What's something you've always wanted to try but haven't had the chance to do yet?

I've always wanted to build a successful business of my own, something that creates opportunities for others while allowing me to pursue my passions and give back to the community. I believe it's never too late to start something new.

What's one Rotary project or experience that made you feel especially proud to be a Rotarian, and why?

In my four years as a Rotarian, one of the most meaningful experiences for me has been the Girl Project. It reminds me that empowering young girls through education, guidance, and support can make a lasting difference in their lives. Being part of something that gives them hope, confidence, and opportunities makes me truly proud to be a Rotarian. This is what Service Above Self means to me.

Four years into his Rotary journey, Rey's answer to what makes him proud hasn't wandered far from where it started: watching people, especially the ones who haven't been given much of a head start, grow into their own confidence. It's the same instinct that drives him at work and on the course: show up, put in the discipline, and measure the win by who else got to share in it.

DID YOU KNOW?

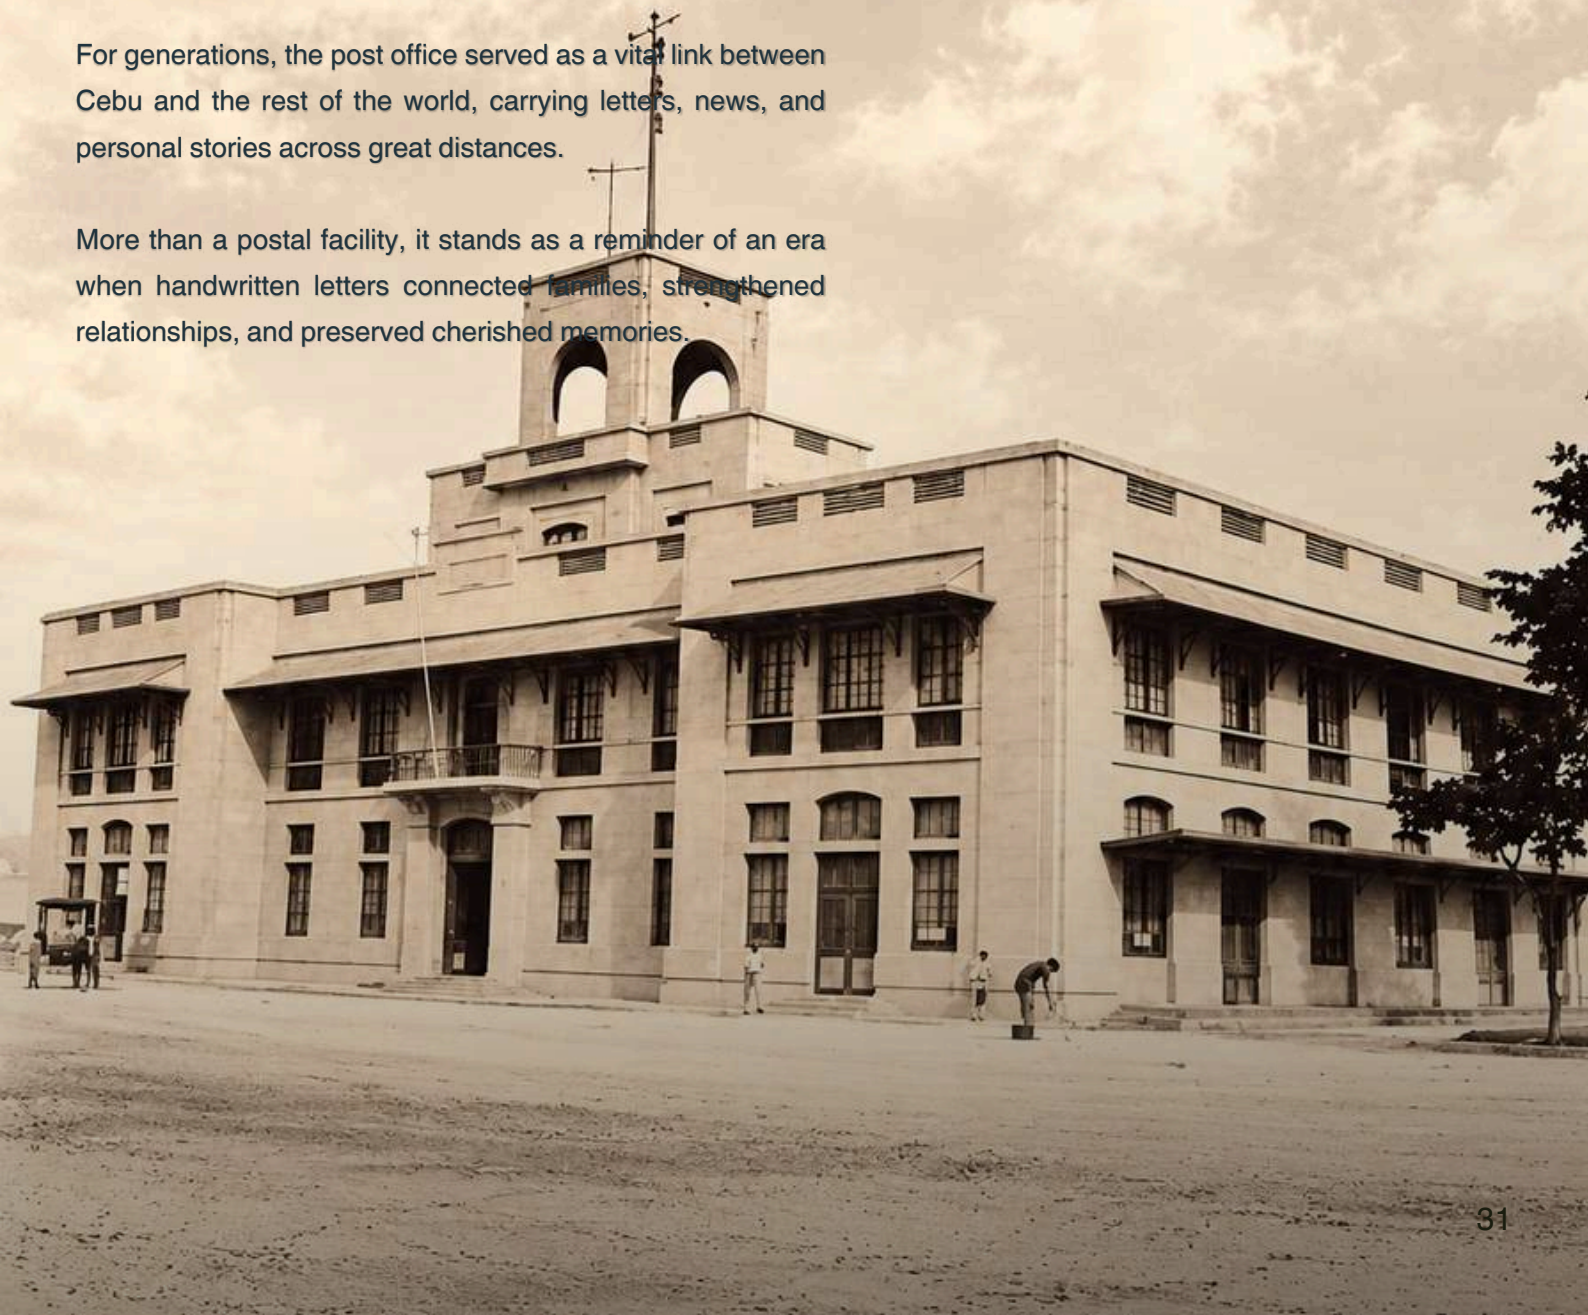

CEBU CENTRAL POST OFFICE

A Legacy of Letters and Connections

A historic landmark from Cebu's American colonial era, the Cebu Central Post Office reflects the city's rich heritage of communication and public service. In 1939, President Manuel L. Quezon reserved land for postal purposes, marking a significant chapter in Cebu's postal history. The building's exact construction year remains unverified.

For generations, the post office served as a vital link between Cebu and the rest of the world, carrying letters, news, and personal stories across great distances.

More than a postal facility, it stands as a reminder of an era when handwritten letters connected families, strengthened relationships, and preserved cherished memories.

The Heart of Service

INSPIRATIONAL MESSAGE

"Whatever you did for one of the least of these brothers and sisters of mine, you did it for me."(Matthew 25:40)

Dedicated to the Rotary Club of Cebu Fort San Pedro, District 3860

By: PP Jess Rodinas

A heart for service begins with a heart that understands that our blessings are not meant only for ourselves. Our talents, resources, relationships, and opportunities are gifts that can become blessings to others.

Jesus reminds us that whenever we help the least among us, we are serving Him. Every helping hand, every act of kindness, every word of encouragement, and every effort to uplift another person can become an expression of God's love.

This is the true spirit of service.

As Rotarians of the Rotary Club of Cebu Fort San Pedro, District 3860, we live the ideal of Service Above Self. We are called not only to lead, but to serve; not only to achieve, but to create opportunities for others; and not only to make a difference today, but to create something that continues to benefit people tomorrow.

This is the heart of "Create Lasting Impact," Rotary International's 2026–27 message. It calls Rotarians to work together and turn service into meaningful and sustainable change in our communities and beyond.

Creating lasting impact does not always require a grand project.

-It can begin with one child given an opportunity.
-One family given hope.
-One young person encouraged to dream.
-One community given a helping hand.
-One person who discovers that someone truly cares.

When these acts of service are multiplied through the power of Rotary fellowship, they can reach far beyond the original act of kindness.

Our greatest legacy will be the lives we have touched and the positive change that continues because we chose to serve.

Let us therefore continue to serve with humility, lead with integrity, give with generosity, and work together with compassion.

Let us ask ourselves:

"Will what we do today continue to bless someone tomorrow?"

If the answer is yes, then we are not merely serving.

We are creating lasting impact.

And whenever we serve someone who is struggling, forgotten, or in need, may we remember the words of Jesus:

"Whatever you did for one of the least of these brothers and sisters of mine, you did it for me."

May the Rotary Club of Cebu Fort San Pedro, District 3860 continue to be a fellowship where friendship inspires service, service creates change, and change becomes a lasting legacy of hope.
-Let our hands be ready to help.
-Let our hearts be ready to care.
-Let our leadership be ready to inspire.
-And let our service today become a blessing that lives on tomorrow.

Because when we serve with love, we touch lives.
When we serve together, we transform communities.

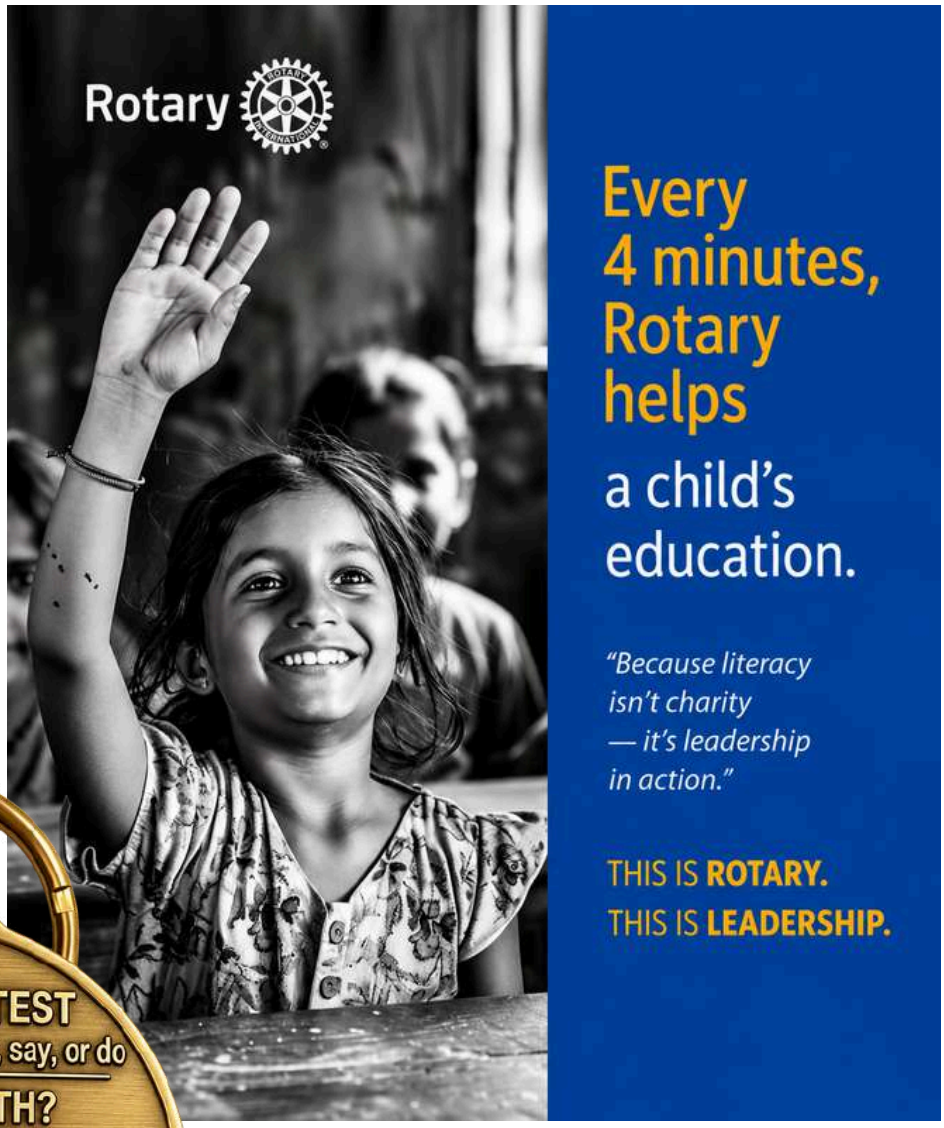

And when our service continues to bless others long after we are gone, we have truly created lasting impact.

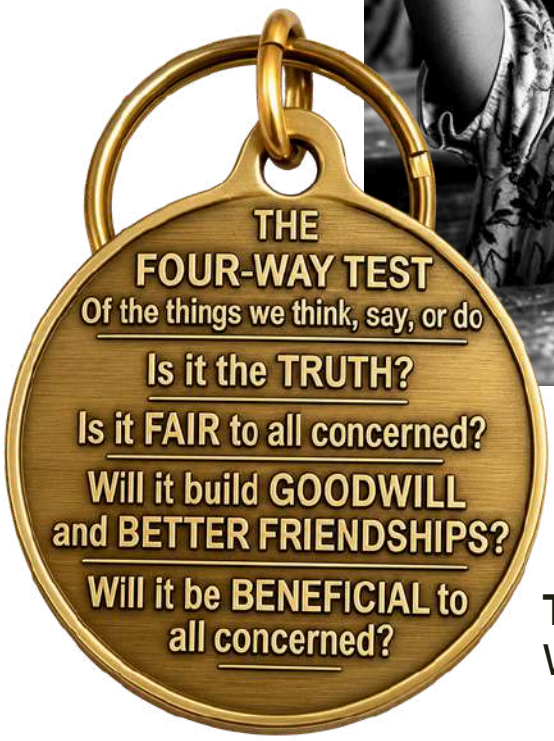

SERVICE ABOVE SELF
SERVE WITH LOVE.
CREATE LASTING IMPACT.
