September: A Month for Education, Health, and Hope

September, recognized in the Rotary calendar as Basic Education and Literacy Month, reminds us of the importance of empowering learners and creating opportunities for a brighter future.

In celebration of this focus, the Rotary Club of Greater Gensan conducted a School-Based Community Outreach Program at Dangan Elementary School, Brgy. Tambler, on September 5, 2026. The Club provided school kits to 58 learners, held a tree-growing activity, and supported the school's Water, Sanitation and Hygiene (WASH) needs.

The Club also extended its service to maternal and child health by conducting a program on Reproductive Health and Family Planning in Barangay Baluan on September 30, 2026.

Through these initiatives, the Club reaffirms its commitment to Service Above Self, nurturing educated learners, healthier families, and stronger communities.

AREAS OF FOCUS

ROTARY INTERNATIONAL FOCUSES ON SEVEN KEY AREAS TO ADDRESS GLOBAL CHALLENGES:

1. Peacebuilding and Conflict Prevention:
   - Promotes peace and conflict resolution through education and community efforts.
2. Disease Prevention and Treatment:
   - Works to reduce the impact of diseases by improving access to healthcare and conducting vaccination campaigns.
3. Water, Sanitation, and Hygiene (WASH):
   - Ensures clean water and sanitation, vital for public health and community development.
4. Maternal and Child Health:
   - Enhances the health and well-being of mothers and children through quality healthcare and nutrition.
5. Basic Education and Literacy:
   - Improves education and literacy to break the cycle of poverty and empower communities.
6. Community Economic Development:
   - Supports sustainable economic growth and job creation, improving living standards.
7. Supporting the Environment:
   - Focuses on environmental sustainability, conservation, and combating climate change.

IMPORTANCE OF COMMITTEES AND MEMBERS

Rotary club committees organize and execute projects, while members drive success through active participation, expertise, and commitment. Together, they create lasting, positive change in communities worldwide.

ABOUT THE COVER

This month's cover captures a heartwarming moment from the Responsible Parenthood and Family Planning Orientation held on September 30, 2026, at Barangay Baluan, General Santos City. Standing side-by-side in heartfelt engagement, our club member in her Rotary shirt personally hands over essential care packages to local mothers, embodying the spirit of compassion, care, and hands-on service that defines the Rotary Club of Greater General Santos.

At the heart of the image is the meaningful connection shared between our members and the community—from the distribution of essential hygiene kits and health supplies to mothers cradling their young children in their arms. The gentle exchanges and attentive environment capture the core intention of the project: bringing tangible assistance, vital reproductive health education, and hope directly to where it is needed most.

Set against the warm, vibrant backdrop of the Barangay Baluan community center, this cover stands as a testament to our continuous dedication to Service Above Self. As we look back on the impactful initiatives of September, this image serves as a proud reminder of how empowering local families creates healthier, stronger communities and allows us to Create Lasting Impact together.

THE PRESIDENT'S MESSAGE

RIZA MARIE TAN PACHES

Service That Grows: A Month of Meaningful Impact

Dear Fellow Rotarians,
September reminded us that Rotary's greatest strength lies in service that responds to real community needs. During the month, our club carried out initiatives that united environmental care, water, sanitation and hygiene, basic education and literacy, and maternal and child health care, which remain central to Rotary's areas of focus.

On September 5, 2026, we brought our commitment to environmental stewardship to Dangan IP Elementary School through a fruit tree-growing activity. The initiative was more than tree planting: it was an investment in shade, nutrition, and a healthier school environment. As the trees mature, they will provide shade while contributing to the nutritiondl needs of learners and their families.

What made the activity especially inspiring was the innovative leadership of the school principal, who introduced a Tree Carers Program composed of parents and students. These partners will monitor tree growth, nurture the seedlings throughout the school year, and be recognized for sustained tree growth through awards at year's end. This model transforms planting into ownership, learning, and shared responsibility as an excellent example of community-led environmental action under Rotary's Environment area of focus.

We also recognized the school's limited access to a regular water supply, which affects both tree-growing and daily sanitation needs. Our donation of plastic and metal drums will provide safe and sufficient water-storage support, helping bridge an immediate gap while sustaining the care of the newly planted fruit trees.

In addition, our donation of floor tiles for the school's comfort rooms will help ensure cleaner and easier-to-maintain toilets, supporting improved hygiene practices and a healthier learning environment. Rotary's Water, Sanitation, and Hygiene focus area prioritizes practical, community-based solutions that improve access to safe water and sanitation, particularly in schools.

The provision of basic school supplies further augmented the needs of learners at Dangan IP Elementary School.

Though simple, these items can ease daily challenges for students and help create a more conducive environment for learning. This support reflects Rotary's commitment to strengthening basic education and literacy in local communities.

On September 30, 2026, our club extended its service to Barangay Baluan through a Family Planning activity under Rotary's Maternal and Child Health area of focus. Conducted in partnership with the General Santos City Population Office, the Barangay Baluan Local Government Unit, and the Association of Flight Attendants of the Philippines, the activity provided valuable health education and support to families in the community.

Our club provided hygiene kits and snacks for the 50 participants, helping make the activity more comfortable and meaningful for those who attended. This initiative reflects Rotary's commitment to expanding access to quality health care and empowering communities to protect the health of mothers and children.

These projects were made possible through the strong collaboration of GPA Design and Construction, the Barangay Government of Tambler, the Department of Education through its school administrators and faculty, the General Santos City Population Office, the Barangay Baluan LGU, and the Association of Flight Attendants of the Philippines Airlines. Their partnership demonstrates that lasting impact is never the work of one organization alone. When government, private partners, schools, health offices, parents, and Rotary members work together, service becomes more responsive, sustainable, and meaningful.

To all the greater ladies, let these projects remind us that each of us has something valuable to bring to the table of service. Whether through time, expertise, resources, connections, or simply the willingness to show up, your contribution matters.

Let us continue to participate, contribute, and inspire others. And may we remain people of action purposely creating lasting impact not only for today, but for the children, families, and communities whose futures we help nurture.

Together, we grow hope. Together, we serve.

THE SECRETARY'S REPORT

GINALYN FE CAINGLET CACHUELA

Greetings, fellow Rotarians!

September was another productive and fulfilling month for the Rotary Club of Greater Gensan, as we kept the momentum of service going while enjoying the fellowship that makes our Rotary journey special.

Our outreach at Dangan Elementary School brought happiness to the pupils as we shared school supplies, planted trees within the campus, and turned over water storage tanks. The Responsible Parenthood Orientation for women, mostly mothers, was a meaningful learning opportunity on family planning and in keeping a healthier family. Our commitment to the environment continued as we joined fellow Rotarians in an area-wide tree-growing activity.

Another exciting moment was the start of Pink October preparations, our breast cancer awareness campaign focused on the powerful message, "Early Detection Saves Lives." As the only all-women's Rotary Club in Area 2FGH, we've been honored to lead the way in organizing this important event for the last few years.

Of course, September was not all work! In between service projects and Pink October preparations, we always found time to share meals, exchange stories, and enjoy a few good laughs. These simple moments of fellowship make our friendships stronger and our Rotary journey even more rewarding.

Our heartfelt thanks to every member that, despite their busy schedule, they gave time, shared ideas, and extended effort to make every activity a successful one. Your enthusiasm and support continue to make every activity possible and meaningful.

Indeed, September was a wonderful blend of service, friendship, and shared purpose—truly a September to remember!

Service Above Self!

SCHOOL COMMUNITY OUTREACH PROGRAM

THE ROTARY CLUB OF GREATER GENERAL SANTOS SUCCESSFULLY CONDUCTED ITS SCHOOL-BASED COMMUNITY OUTREACH PROGRAM AT DANGAN ELEMENTARY SCHOOL, PUROK CALATAO, BRGY. TAMBLER, GENERAL SANTOS CITY, ON SEPTEMBER 5, 2026.

DRIVEN BY COMPASSION AND A COMMITMENT TO BASIC EDUCATION AND ENVIRONMENTAL SUSTAINABILITY, OUR TEAM EMPOWERED 58 YOUNG LEARNERS THROUGH THE DISTRIBUTION OF SCHOOL KITS, ENCOURAGING THEM TO PURSUE THEIR EDUCATION WITH CONFIDENCE AND HOPE. TO FOSTER ECOLOGICAL AWARENESS, MEMBERS AND COMMUNITY PARTICIPANTS ALSO JOINED HANDS IN A MEANINGFUL TREE-GROWING ACTIVITY ON THE SCHOOL GROUNDS. ADDITIONALLY, OUR CLUB DIRECTLY SUPPORTED THE SCHOOL'S WATER, SANITATION, AND HYGIENE (WASH) NEEDS THROUGH THE TURNOVER OF WATER STORAGE FACILITIES AND CONSTRUCTION MATERIALS FOR COMMUNAL TOILETS. THROUGH THESE COMBINED EFFORTS, WE AIM TO BUILD A HEALTHIER, GREENER, AND BETTER LEARNING ENVIRONMENT FOR OUR CHILDREN. REFLECTING OUR DEDICATION TO SERVICE ABOVE SELF, WE REMAIN STEADFAST IN LEARNING, PLANTING, CLEANING, AND EMPOWERING TOGETHER TO CREATE LASTING IMPACT IN OUR COMMUNITY.
