THE ROTARY GUIDING PRINCIPLES

THE ROTARY PRAYER

As we gather here today as members of the Rotary, we pray that we are ever mindful of opportunities to render our service to fellow citizens and to our community. Keeping in mind always the endduring values of life, exerting our efforts in those areas and on those things upon which future generations can build with confidence. Let us continue to strive to make better world. Amen.

THE FOUR-WAY TEST
OF THE THINGS WE THINK, SAY, OR DO

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST: The development of acquaintance as an opportunity for service;

SECOND: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD: The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

ROTARY INTERNATIONAL PRESIDENTIAL MESSAGE

The annual presidential message offers us a powerful tool to share compelling Rotary stories in a consistent way. By using a message that aligns with our Action Plan, we can also inspire others to take action with us.

Our 2026-27 message, Create Lasting Impact, encourages all of us, as people of action, to work together to make a meaningful difference in our communities and around the world. It builds on the ways in which members have strengthened their connections to each other and to their communities to Unite for Good, the 2025-26 message. Now, Create Lasting Impact will harness those connections and inspire our members, participants, and the public to take collective actions that lead to a sustainable difference — globally, locally, and personally.

To show the world how members are creating lasting change through Rotary, you can collect information and share stories that demonstrate the impact your club makes through service projects and other work in the community. Another great way to do this is by sharing videos from the series “Personal Perspectives: The Value of Rotary.” These short testimonials highlight how Rotary creates positive change around the world and in the lives of our members.

ROTARY CLUB OF SAN JUANICO-TACLOBAN
PRESIDENTIAL MESSAGE

As we begin another meaningful Rotary year, I am honored and humbled to serve as President of the Rotary Club of San Juanico–Tacloban. This new chapter brings with it renewed opportunities, greater responsibilities, and a shared commitment to making a difference in the lives of the people and communities we serve. Guided by this year's Rotary International theme, **"Create Lasting Impact,"** we are reminded that true service goes beyond the projects we implement—it is measured by the lives we touch, the hope we inspire, and the positive changes we leave behind.

As we move forward, let us continue to strengthen our fellowship, embrace collaboration, and turn our shared vision into meaningful action. I believe that every Rotarian has something valuable to contribute, and that through our collective efforts, even the simplest acts of service can create a lasting difference. Together, let us uphold the ideals of Rotary, remain steadfast in our commitment to Service Above Self, and build initiatives that will benefit not only the present generation but also those who will follow.

This year, let us serve with purpose, lead with compassion, and work with unity. May we make every opportunity count and ensure that our service leaves a legacy worth remembering.

Together, let us Create Lasting Impact.

Represented by Club President Winz Yao Cabigon and Club Secretary Zarah Mercado, the club was honored for its accomplishments during Rotary Year 2025–2026. These recognitions reflect the dedication of its Rotarians, the invaluable support of its partners, and the guidance of Rotary International District 3860, led by District Governor Angel "Jong" G. Fernandez Jr. More than the awards, this achievement celebrates a year of collective efforts, meaningful partnerships, and unwavering commitment to Service Above Self.

THE HISTORY OF ROTARY CLUB OF SAN JUANICO-TACLOBAN

In 1974, while contemplating on the elevating philanthropio movements in the Philippines, five Rotarians braved to ask a question Which then marked a significant epoch in the Rotary Club history. "Is the City of Tacloban ready for another Rotary Club?" With these five reputable pillars of the Rotery, this query was answered and made into reality.

The five gentlemen placed their organizational acumen to the force and came out with an answer without much trying, that indeed Tacloban City needed another Rotary Club. These five intrepid Rotarians were Graciano "Naning" "Militante. Antonio "Nits Monfilla, Jose "Nene" Solis, Gil "Litong" Diaz, and Antonio Tony" Molabola.

They combed the professional circles of Tacloban and came out with 25 new recruits. The group was diverse, but they blended well and the enthusiasm and exuberance of resources yet untapped throbbedevery minute they met.

Sometime in November of 1974 the provisional Rotary Club of San Juanico first met and elected its first set of officers. The list of this provisional set of officers and other documents attesting to the birth of the club were sent to the Rotary Intemational for approval.

Six months after, on May 6, 1875, Rotary International officialiy chartered the Rotary Club of San Juanico and officially recognized its provisional set of officers as the Charter Officers of the Club.

Charter President Tony Molabola then focused all its offort to seeing to the first major activity of the club -- its Charter Presentation. Finally on July 12, 1975, two months after its official charter, District Governor Bading Angala, IPDG Mananing llano, and DGN Luing Fran came to Tacloban City and presented to the new club its Certificate of Charter.

Immediately, a hive of new ideas on how to make the club respond to the ideals of Rotary came out from its members. Among the most notable, which eventualty became the cornerstone of the club's oommunity Involvement, was the projeat "Operasyon Paglaum,a medical-dental civic action started by the club in 1976.

As subsequant testimonies from all its beneficiaries attest, this project gave the club a greater enthusiasm to pursue the project. From an initial launching in a barangay in Tacloban City where free medicines, dental care, primary medical care, and some minor surgeries where performed, the project took off and reached out to areas outside the city. Eventually, the project would reach barangays in Southern Leyte the islands of Biliran, Samar, and Leyte, benefitting thousands of indigent families.

It was a much-anticipated activity that the Anns, the members of the Rotaract Club af San Juanico (organized by the Club at the then Divine Word University of Tacloban) and even whole families of member Rotarians would not have had second thoughts of giving the project wherever it was held in thelr time. In the project, they found a sense of fuffillment and thought that the Rotary Club of San Juanico could make a difference in the communities.

Eventually, the efforts of the club did not go unnoticed. In 1977, the Rotary International cited this project and awarded the club the "Most Significant Achievement Award in 1977." Giving more meaning to the citation was the fact that the Rotary Club of San Juanico was the only club in the country to be given such an award by Rotary International in that year.

Not resting on this distinguished recognition, the club looked for greater opportunities for service and eventually helped organize the Rotary Club of Calbayog in 1998 during the incumbency of Pres. Noel Siozon and the Rotary Club of Limasawa, Maasin, in 1989 during the time of Pres. Pabs Quianzon.

As this young club grew, so did its collective efforts become known in the district. This recognition saw the second president of the Club and one of the original five, Graciano "Naning Militante, arsing to become the first "Leyteño" District Governor of RI Distnct 3860 in 1980 to 1981 Five years later, 1982-1983 Club President Roque Tu followed suit and was elected District Governor in Rotary Year 1986-1987. The 3rd San Juanico Rotarian who occupied the highest position in District 3860 as District Governor for Rotary Year 2002-2003 is PP Pablo "Pabs" P. Quianzon Thirteen yoars after, the club's 2000-2001 President Buddy Estudillo became the 4th San Juanico Rotarian who became District 3860's Governor for 2015-2016.

Over the years, the Rotary Club of San Juanico has grown and found meaning in serving various indigent families without fail, from being just a challenge and an answer to a question several decades ago, has carved a niche in Rotary history. It will continue to create its own distinction, as ita membeships continue 10 answer to the call for service and eam for themselves the honor of being called "ROTARIANS."

THE ROTARY HYMN

COMPOSED BY: GEORGE CANSECO

I want to be a Rotarian for the world
Make the Rotary flag as the flag of peace unfurled
I shall serve my community
Help achieve universal unity

Through Rotary, I shall dedicate my all
World understanding shall be my cherished goal
With the Four-Way Test I'll pursue my quest
And if I, in a way, help obtain
Peace in the world I shall not have lived in vain

I observe service above self
Lend a hand to all who need my help
I'll get my spouse to involve in Rotary
And in Rotary ways, I will train my family
With the Four-Way Test We'll pursue our quest
And if we, in a way, help obtain
Peace in the world
We shall not have lived in vain

Build a bridge for tomorrow's youth
Strengthened by nothing but the truth
Let's join our hands, there's no reason we'll divide
We shall all understand Why the good Lord is our guide
With the Four-Way Test We'll pursue our quest
And if we, in a way, help obtain
Peace in the world
We shall not have lived in vain

Peace be achieved
We shall not have live in vain
